

Father, I lift up the hands that make our local schools run, the bus drivers, administrators, janitors, lunch ladies, secretaries, nurses, and hall monitors.

These people have been placed in a position to care for students each day, and I ask that You bless them and encourage them to do their job well. Thank You for those who make schools run smoothly, please provide for their needs at home and in their families.

Jesus, please help my community to be supportive of our schools. Please raise up men and women who will invest in the lives of students by mentoring them. And raise up volunteers who will fill in the gaps in resources that some schools have. Let this community show it's support and pride for our students, and to have a heart to serve them so that they will have the best possible future.

*Titus 2:3-5*
